Current

Run the Warren College's Student Activity Center (SAC). Responsible for overseeing and communicating community needs regarding the rental process of recreational games. Provide residents the opportunity to pick up their mail parcels at the center for extended hours during the evening when mail services is closed. Assist the Warren Residential Life office by overseeing room reservations that occur in the SAC's Equality Room and kitchen.

SKILLS

PROGRAMMING: Basic HTML, Basic CSS, Basic AdobeXD

PROJECTS

Design and Interaction Project - Guitar Teacher

Jan. 2020 - Current

Linked above is my Github link to observational studies I've performed for this project.

Through this project, I've experienced the whole process of finding a need and identifying breakdowns on which to improve, performing interviews, observing how users interact with a design, and recording data for the design process of the next iteration.

AWARDS

Every Student Succeeding Association of California School Administrators Spring 2017

This recognition was for inspiring other students in the region through the challenges of a refugee immigrant who led as ASB president for two consecutive years while completing 39 college units at the Modesto Junior College, it was also for my dedication towards my high school's VEX Robotics and winning a medal in our Academic Decathlon's team.
